### 3.2.2 Annual members' financial contribution for 2026

**Outcome of the e-ballot of members to the Motion: “The Members are asked to approve the trustees recommendation, for an annual, [voluntary] contribution, based on an age –related scale, and effective from January 1st 2026. As follows:**

**Ordinary members**

**Members up to and including 65 years of age: 200 Euro**

**Members 66 - 75 years of age: 125 Euro**

**Foreign members (all age categories): 200 Euro**

**Members over 75: Voluntary donations are welcomed, but they are optional.**

The E- Ballot result was: **Those in favour: 370; Those against; 32.**

**[Document 3]**

### 3.2.3 Additional motion for the room:

**That the Members (present) are asked to approve a one-time establishment fee for all new (2026) members of 200 Euros, irrespective of age at the time of their acceptance of membership.”**

#### 4. Elections and appointments

##### 4.1 Election of a President.

During 2025, There was a call for nominations for the vacant position of President. A search group was convened comprising the four class chairs plus Dr Robert-Jan Smits (Honorary member) as independent chair. The search group interviewed the candidates and made a recommendation to the Board of trustees. The Board accepted the recommendations and moved to a member-wide confirmatory E-ballot proposing a single candidate – Professor Don Dingwell. The Ballot confirmed Professor Dingwell as the new President. The new President assumed the role of Chair of the Board of Trustees immediately following the ballot. **Professor Dingwell now formally assumes the role of President at this AGM.** His term runs for three years until the AGM of 2028. His position is renewable for a second and final term of three years.

~~[4.2a Appointment of a Class chair for Class A2 – Social and related Sciences.~~

~~Professor Martin Kahanec stood down as Class chair during 2025. Professor Wittrock stood in as pro tem Class chair to manage the identification of a new Class chair. The Board have subsequently approved the recommendation of the Section chairs (acting as Council) of Class A2 and have appointed XXXXXXX as the new Class chair, effective from 1<sup>st</sup> January 2026. The Class chair has been co-opted onto the Board of trustees.~~

**Motion for the room**

~~The members present are asked to approve an initial term of three years (2026 – 2029). This is renewable for a second and final term of three years.]~~

##### 4.2b Appointment of a Class chair for Class A1 – Humanities

Professor Poul Holm completed his term as Class chair in 2024. He oversaw the identification and selection process for a new chair. The Section chairs from the Humanities class recommended that the Board of trustees appoint Professor Genoveva Marti (Barcelona) as the new Class chair with effect from the AGM of 2025 and for a period of three years (renewable for a final period of three years). The Board of trustees accepted the recommendation.

**Motion for the room**

**The members present are asked to approve an initial term of three years (to the AGM of 2028) for Professor Marti. This is renewable for a second and final term of three years.**

Other Business (as time allows)

5. Report on the AE engagement in the SAPEA Horizon Europe Project and G-20 (S-20) – President/Prof. Dingwell

6. Brief AE Regional Knowledge Hub Reports 2025/26:

**Barcelona** (Prof. Jaume Bertranpetit Academic Director, Ms Maite Sánchez Riera - Hub Manager).

**Bergen** (Prof. Eystein Jansen Academic Director, Ms Kristen Baaken - Hub Manager).

**Bucharest** (Sorin Antohi, Executive Director, Grigore Vida, - Hub Manager)

**Budapest** (Prof. Peter Hegyi, Academic Director, , Hub manager).

**Cardiff** (Prof. Ole Petersen Academic Director).

**Tbilisi** (Prof.. David Lordkipanidze Academic Director, Ms Natia Khuluzauri – Hub Manager),

**Wroclaw** Hub (Prof. Arkadiusz Wojs Academic Director, Ms Anna Jarosz – Hub Manager),

**Graz Data Centre** (Dr Helmut Leitner – Centre manager, Ms Dana Kaiser manager)

7. Report by the Editor-in-Chief of the European Review – Professor Alban Kellerbauer

8 Report by our Patron member The Hungarian Research Network (HUN-REN) – Professor Balazs Gulyas

9. Future plans (President)

10. Future annual conferences

11. Motion from Professor Cinzia Ferrini (Philosophy) Trieste (and others) - There will be a brief exchange around the following motion – no vote is needed:

**Motion:** *a policy to favour participation in the annual conference*

a.. Members who only come to attend the meeting, without any role in the organization and program and/or without any financial support from their universities, face increasingly higher costs for traveling, accommodation (in expensive cities like Barcelona or München) **and** the registration rate (early bird of this year raised by 25%, 340 euros for the regular rate). In sum, many have renounced to join, especially from sections that do not sufficiently motivate participation involving their members with calls and attractive programs. Although this motion is under my sole responsibility and initiative, I personally shared this concern among a number of colleagues from the Humanities.

b. The annual conference works as a catalyst and general context for regional hubs' activities, giving to members the unique possibility to meet and connect with colleagues of all disciplines across Europe. This exchange and encounter is at the very core of the AE's mission, is nothing but its 'lymph', and the Board should adopt a more inclusive policy to facilitate and encourage broader participation by all members, by reducing economic obstacles.

c. Some suggestions:

i. empowering the action of class chairs to relaunch under-represented sections in the general annual program

ii. reduce general AE expenses to allocate more funds to the annual conference and/or reduce its budget by limiting costs to strictly necessary expenses

iii. select localities where the organization costs (from catering to hotels) are more affordable

iv. reduce registration fees, calculating the necessary costs in a differentiated way: revise the current system of exemptions and charges, and/ or adopt the scaled annual membership fee to the conference registration rate

v. facilitate the payment of annual fees which entitles participation at the annual conference, allowing for payment with credit cards, instead of bank transfers which can be expensive and complicated from some countries

Sincerely yours  
Cinzia Ferrini (MAE)

## DRAFT Document 2

Minutes of the 36th Annual General Meeting of members of the Academia Europaea. Held at the Technical University of Wroclaw on 26 November 2024. 16:00 – 18:00 (Polish time)

Present [in the room] - The President and 67 members. The meeting was also available via zoom

---

The President, Professor Marja Makarow welcomed members to Wroclaw and thanked the local host (Professor Arkadiusz Wojs Rector of the University).

1. The draft agenda [previously published on the AE website]. The announcement of the AGM had been published on the AE website and made known to all members by E-newsletter more than 21 days in advance. A series of online ballots had been announced and taken (between 26 August – 09 September) on specific items of business (adoption of the annual accounts, annual activity report, re-appointment of examiners and recommended membership subscriptions for 2025). The draft agenda and all papers associated to the AGM were available on the website in advance and had been tabled for delegates in the room. No motions or resolutions from the membership had been received in advance, as set out in the notice for the AGM. **The motion to approve the draft agenda was adopted by the members present.**

2. The minutes of the AGM of 2023. The President called for any objections to adoption of the draft minutes of 2023. There were no objections and the note was duly adopted and signed. The President invited questions. None was forthcoming.

### 3 Transaction of Ordinary Business

3.1 The President then gave a short report of the activities and highlights from the 2023 Trustees (activity) report that had been tabled in advance of the AGM. The President then reported on a number of developments, including;

- the award of major international prizes to members including the Nobel prizes,
- The continued development of the new Munich AE office under the direction of Prof. Dingwell and Frau Brandthaus (the manager),
- The implementation of the new SAPEA three project with AE providing the overall coordination role and LMU acting as the financial coordinator,

The continued success of SAPEA producing three new evidence review reports in 2024 [A.I in research, Solar Radiation and evidence based governance for health].

The President thanked all the MAE's who had been involved in the many expert panels. The Cardiff Hub and team had continued to play a pivotal role in SAPEA and had conducted an impact analysis of SAPEA reporting on over 100 citations of the Evidence Review Reports and citations on other documents produced by the WHO and OECD. The AE participated in global science advice acting at the request of the European Commission as the EU Academy in the G-20 science formation 9 known as S-20). Members of the AE Board attended meetings of the S-120 in Rio. The AE had provided 5 experts for the 5 key topics. Identified by the host Academy of the G(S) – 20 - Brazil The President reported that over 300 new members had been elected in 2024.

Members present were invited to ask questions. None was forthcoming. The President then reported that an online ballot on the motion: **“That the AGM adopt the 2023 Trustees report”, had been approved by those members voting, in advance 706 in favour, 5 vote against).**

3.2 The chair invited the Honorary Treasurer Professor Stephen Evans to present the 2023 annual accounts and financial report. The accounts and associated supporting data had been tabled in advance. These had been accompanied by a summary report from the treasurer. The treasurer described the governance and financial management of the AE and then summarised the outcomes as: total 2023 unrestricted income of 311,704 GBP (358,987 Euros), with member subscriptions contributing 281,211GBP (323,853 Euros) of that total. Total expenditures were 392,603 GBP (452,137 Euros). The treasurer, reported that the finances of the AE were reasonably stable and showing a progression in members' donations. However, the impact of the costs associated with the creation of the Munich legal entity and initial transfers of financial support to establish the Munich office had meant a necessary drawdown from the financial reserves. There had been no, unforeseen risks on entering the new financial

year (2024). The treasurer did raise a note of caution, that the non-member revenue base was now very weak and that the AE depended almost entirely on member donations/subscriptions income for general running costs. He emphasised that future effort must go into identifying possible new sponsors and supporters. An online motion to approve the accounts had been put to an e- ballot of all members, in advance. The motion: **“That members adopt the 2023 accounts”** had been approved by 701 votes to six.

The treasurer invited members to contact him with any suggestions of potential new external sources of sponsorship and financial support and invited any members with experience of fund raising to join the sponsorship network and/or the Finance subcommittee.

A note of thanks was recorded for sponsors as follows: to the Wenner Gren Foundations for their continuing support to HERCuLES group activity and to those members opting to make a lifetime payment of contributions.

The treasurer responded to a question from the floor on the existence of guidance to members for seeking external sponsorship for events. The current document would be revised and made available through the website and e-newsletter in 2025. The treasurer also invited any members with ideas for possible external sponsors to contact him directly.

3.2.1 An online ballot to **re-appoint the AE examiners Messrs Keith Vaudrey and Co Ltd, London** - had been approved by 702 votes to three.

3.2.2 The treasurer described the Board decision to seek a substantial increase (10%) in the recommended levels of individual member contributions from 1<sup>st</sup> January 2025. This had been based on the fact that there had been no increase for the past decade, and inflation had increased substantial over that time. An online ballot of members was held **to approve the new ‘recommended’ subscription (donation) rates from 1<sup>st</sup> January 2025 as follows:**

**Ordinary members**

**Up to and including 65 years of age – 200 Euros.**

**Members 66 – 75 years of age 125 Euros**

**Foreign members 200 Euros**

**Members over 75 voluntary contributions (optional)**

**The motion had been approved by 587 in favour to 117 against.**

3.2.3 The treasurer had tabled in advance, a motion for decision by the room “Members are invited to approve a one-time establishment fee for new members (2025) of 200 Euros – irrespective of age at the time of their acceptance of membership. **This motion was adopted on a show of hands without dissent.**

#### 4. Elections and appointments

##### 4.1 Election of a President

Professor Makarow reported that she would not seek a second term as President and would step down at the end of 2024. The Vice President Professor Dingwell would then function as chair of the Board of trustees and President *pro tem* until a call for nominations and the subsequent election of a new President could be managed in 2025. Members would be fully informed.

4.2 Appointment of a new Class chair of Social and Related Sciences (Class A2). After many years of service Professor Wittrock would reach the end of his final period as Class chair in 2024. Under AE regulations it is the responsibility for the outgoing Class chair to manage a process to identify suitable candidates. Professor Wittrock briefly described the process taken. Following a lengthy process involving the Class A2 Section chairs and their committees: the Board had accepted a recommendation to appoint (by co-option) Professor Martin Kahanec (Economics) as the incoming Class chair. This would be effective from 1<sup>st</sup> January 2025.

A motion for the room had been tabled in advance, asking members present to approve a single term of five years for the new Class chair. **This was adopted without dissent.**

## Other business

### 5. Future developments

The President then addressed future developments, including;

The intention to develop a new strategic framework in 2025.

Sign a new MOU with the Union Academique Internationale (UAI)

Participate and lead in SAPEA three

The appointment of the HUN-REN (Hungarian Research network) as a patron member of the AE

Signing of an MOU with the TEA-NET consortium under the leadership of Prof. Peter Hegyi (Budapest Hub Director)

Address concerns around the lack of diversity of membership with regard to geographical distribution and gender.

AE signed the CoARA statement agreeing to move away from an over-focus on the use of metrics to measure excellence.

From the floor, prof Hegyi stated that the TEA-Net consortium was struggling to recruit female scientists and wondered what steps might be taken to redress the imbalance. Prof. Bertranpetit (Director of the Barcelona Hub) intervened to say that there should be a targeted effort to recruit female members. The President indicated that a future Board would be looking at these issues as a part of the strategic framework development.

In response to a further question. The President confirmed that there whilst there was no limit on the numbers of Foreign members that could be elected: any non-Europe based candidates, had to demonstrate a very clear and continuing substantive working relationship with Europe – over and above the general criteria that are applied to all candidates for membership.

6. SAPEA 3. Professor Dingwell updated the meeting on the role of the new Munich office in SAPEA three and the co-ordinating role through the transfer of the SAPEA coordinator from ACATECH to LMU. To facilitate this there had been some re-adjustment of all consortium partner budgets. The new Munich office manager and – Frau Friederike Brandthaus introduced herself. She would play the role also of Executive Secretary for the AE out of the Munich office and will over time, assume most of the responsibilities of the London based Executive Secretary for the operational management of the AE as a whole.

### 7. Individual Hub presentations.

The following hubs then gave short presentations of their past and future plans.

**Barcelona** (Prof. Jaume Bertranpetit Academic Director, Ms Maite Sánchez Riera - Hub Manager).

**Bergen** (Prof. Eystein Jansen Academic Director, Ms Kristen Baaken - Hub Manager).

**Budapest** (Prof. Peter Hegyi, Academic Director, Dr Gergely Böhm, Hub manager).

**Cardiff** (Prof. Ole Petersen Academic Director, Ms Louise Edwards Hub manager).

**Tbilisi** (Prof. David Lordkipanidze Academic Director, Ms Natia Khuluzauri – Hub Manager),

**Wroclaw** (Prof. Arkadiusz Wojs Academic Director, Ms Anna Jarosz – Hub Manager),

**Graz Data Centre** (Dr Helmut Leitner – Centre manager, Ms Dana Kaiser manager)

Professor Alban Kellerbauer gave a report on activity relating to the European Review

8. Finally, the President invited Professor Balazs Gyulas (President of HUN-REN) to introduce the organisation as a new Patron member of the AE.

9. The President announced the dates of the 2025 annual conference as Barcelona 15-17 October 2025. The members were advised that the 2025/26 call for nominations for election to membership opened on 1<sup>st</sup> October and would close on the 31<sup>st</sup> of January 2026.

There were no other interventions or questions from the floor, and the President declared the 36<sup>th</sup> Annual general meeting of members closed at 18:30pm

Minutes signed at Barcelona on 15th October 2025

Eligible to vote 5863, Not voted 5461

I approve the recommended membership fee scale **370**

I do not approve the recommended membership fee scale **32**

**President's summary report of the Academia Europaea activities and highlights in 2024**

Dear members,

On behalf of the Board of trustees, I would like to thank all of the organisations that have sustained the Academia through their generous general financial sponsorships. In particular the authorities supporting the Academia Europaea Regional Knowledge Hubs and the Hungarian Research Network (HUN-REN) - a new Patron member of the Academia Europaea from 2024. The trustees also thank those other foundations and organisations that have contributed to the running of specific events and activities of the Academia during the period of this report. The support of these organisations is identified in various places within this report and in the separate annual accounts and have been identified within the various individual Hub reports annexed to the main report that you can find on our website. The full trustees report (2024) is available as a pdf on the ae-info website.

2024 was the final year of Professor Makarow's term as President. Following a call for nominations, careful scrutiny of candidates and an E-ballot of members, Professor Dingwell was elected as the new President. The Board of trustees wish to thank Professor Makarow for her term as President. The AE achieved much in her three years of leadership, including the establishing of the new Munich legal entity, transition in SAPEA and our appointment to the G-20 scientific strand on behalf of the European Commission. All significant and substantive changes for the AE.

As the new President, I confirm that in 2024, the trustees had been active in their engagement in the affairs of the Academia and a majority have attended every meeting of the trustees. The trustees wish to express their gratitude to the elected officers of the Academy and other members of the Board of trustees, for their additional work on behalf of the membership. In particular, we would like to thank our treasurer who together with me as the new President and our past President, played pivotal roles in our new policy related work representing the European Commission as a member of the G-20 science academy network. I would also like to specifically thank the outgoing chair of our HERCuLES group – Lars Engwall, who has maintained the excellence of the symposia that the group organises. Our trustee Professor Milena Zic Fuchs (Linguistics) has taken up the challenge. I would also like to record again our thanks to the Wenner Gren Foundations, who provide both a venue and support for these events. Professor Britte-Marie Sjöberg MAE who had served the Wenner Gren as their Science Director and CEO for a number of years has now retired and we are grateful for her unfailing support.

In 2024, the AE was able to continue its return to a more substantial programme of real-time international events (conferences and workshops) and maintained a programme of online activities (webinars and streamed events). Some of these are reported in the main report and in more detail in the individual Hub annual reports where the majority of our activities have been focussed. The new Horizon 2020 funded SAPEA activity started, with AE in the lead position of acting as co-ordinator and for the whole project. Our policy work is managed out of the Munich office, which is gradually taking over more of the mainstream AE operational work from our London office. The European Review continued to be published and generated royalty income. The Review went to full Gold open access.

The trustees wish to record their thanks to the Technical University of Graz data centre staff for their continuing and dedicated I.T. and corporate web support and to Professor Balazs Gulyas for his management of the AE Erasmus Medal process and the Sydney Brenner Prize. I am pleased to announce that following a call for nominations, the selection panel for Class B selected Professor Laszlo Loasz as the 2025 Erasmus Medal recipient. A call for nominations will be published in due course for the 2026 Erasmus medal – this time it will be for scholars in Class A2 – Social and related sciences. Finally, we would like to thank the Cardiff Hub team who have managed our member communications and newsletters with professionalism over the past year.

The trustees are pleased to report, that in 2024, our inter – organisational links were further strengthened with a number of European federation organisations (ALLEA, FEAM, EASAC and euroCASE). We continued with our engagement as a member of the EASAC consortium. The AE also signed a new cooperation agreement with the UAI (Union Academique Internationale), and we wish to thank Professor Bjorn Wittrock and Professor Samuel lieu MAE who have managed this process and will be the AE – UAI liaison team.

As the new President, I and other trustees have engaged in a number of specific activities that responded to policy issues across Europe. The AE Expert group on A.I. under the chairmanship of Prof. Erol Gelenbe MAE has continued to develop a series of activities. In addition, each of the seven Regional Knowledge Hubs has its own distinct mission and identity that respond to local and regional priorities. We are pleased to announce that following an extensive process, we have recently launched a new Regional Knowledge Hub in Bucharest. The trustees recognise the immense support provided by the sponsors for these Hubs. None of the hubs receives core financing from the centre for their day-to-day operations. This model helps to increase local responsiveness.

The trustees are pleased to report a further widening of the membership of the Academia Europaea with the election in 2024 of 344 scholars across the four classes. Unfortunately, there has only been a very slow improvement in gender balance and there remains a deficit with respect to the membership from the less research-intensive countries of Europe.

The AE has a membership of individuals that are drawn from the whole continent of Europe and Foreign members from beyond Europe. Up to date membership statistics can be found in graphical representations on our website ([www.ae-info.org](http://www.ae-info.org)).

The Trustees wish to place on record, that it is their belief, that at the time of the compilation of this report, there were no additional or unforeseen risks that would place the continuation of the AE in jeopardy.

On behalf of the Board of trustees, I am pleased to report that the Academia is on a solid growth trajectory and, **I recommend members TO ADOPT THE 2024 Trustees report.**

The report will eventually be submitted to the UK regulatory authorities and will be made available to members online.

Don Dingwell  
President

## SECTION 1: Governance

### THE TRUSTEES OF THE ACADEMIA EUROPAEA

#### Board of TRUSTEES (on 31 December 2024)

##### Elected Officers (3)

<b>President:</b>	Professor Marja Makarow	Helsinki, (to end 2024)
<b>Vice President:</b>	Professor Don Dingwell	Munich, (to end 2025, renewable)
<b>Hon. Treasurer:</b>	Professor Stephen Evans	Cambridge (to end of 2025, renewable)
<b>Co-opted Members:</b>	Professor Eva Kondorosi	Budapest, (until end 2026)
	Professor Poul Holm	Dublin, (to end 2025)
	Professor Bjorn Wittrock	Uppsala, (until end 2024)
	Professor Eystein Jansen	Bergen, (until end of 2025)
	Professor Paolo Papale	Rome (until end of 2027)
	Professor Milena Zic-Fuchs	Zagreb (appointed to 2025)

The list of Section chairs, as of 31 December 2024, is at annex 2 of this report. Professor Dingwell continued as the Director of the Munich legal entity. Class chairs are trustees. At the end of 2024 they were.

Class A1 – Humanities and Arts – Chair Professor Poul Holm (Trustee), VP ex o  
Class A2 – Social and Related Sciences – Chair Professor Bjorn Wittrock (Trustee) VP ex o  
Class B – Exact Sciences – Professor Paolo Papale (Trustee), VP ex o  
Class C – Life Sciences – Professor Eva Kondorosi (Trustee) VP ex o

Note, that in our Articles of Association and the statutes of the Munich Ev, the Council as described is an advisory body to the trustees. Since the creation of the Class system, the single Council now effectively operates through the Class configurations. The Classes and their component Sections each CONSTITUTE ONE PART OF THE ADVISORY COUNCIL. The Class chairs are thus the *de facto* representatives of the Sections on the Board of trustees. The trustees did consult electronically throughout the year with their sectoral 'Council members' (the Section chairs) on specific issues, in the Class configuration. Class committees (comprising the Chairs of the Section committees) have been assigned responsibility for the management of the nominations and selection process for new members and they will over-time become responsible for delivery of activity programmes, as envisaged by the Strategic Plan 2019 – 2024. In view of this re-orientation of responsibility and the fact that the Classes now fulfil the role of the former plenary Council, but in a more efficient way, the trustees will review the Regulations in to better reflect the new working structure.

During 2024 there was no activity assigned to the wholly owned subsidiary company in Bergen Norway, operating under the Bergen Knowledge Hub. The CEO appointed by the Board, was Professor Eystein Jansen (the current Bergen Hub Academic Director) and the other Director is the AE Executive Secretary – Dr David Coates. This entity was dissolved in 2024.

As of 20th September 2023, the trustees signed articles to establish a new AE Munich legal entity (Academia Europaea e.V - eingetragener Verein). This development had been strongly endorsed by the AE Independent Advisory Group in 2022. All members of the AE had been informed of the plans at the AGM of 2022 and the strategic plan refers to the Board of trustees keeping the post-BREXIT situation under review. Since the creation of the new legal entity, the UK government had agreed to re-associate to the Horizon Europe programme, that ends in 2027. However, this does not alter the current funding arrangements for SAPEA plus and the AE. Therefore, the intention is that from 2024 and beyond, the new Munich legal entity will become the AE HQ for all dealings with the EU and facilitate access for all members of the AE. The new entity will also assume other responsibilities from London over time. The London charity will continue to run in parallel, and both will operate under a common Board of trustees for the foreseeable future. London will have a decreasing lead role and will provide administrative support to the AE office in Munich. Both entities will be displayed on the common website ([www.ae-info.org](http://www.ae-info.org)) and will operate as a single functional unit under a common Board of trustees. Each will have to report separately to their own national regulatory bodies, as described in their statutes. Members of the Academia Europaea are *de facto*, members of both legal forms of the AE. Resources will be allocated between each entity according to function and need.

The Academia Europaea e.V Munich has its registered office at:

Academia Europaea e.V.  
Room 336, 3rd floor  
Theresienstr. 41  
80333 München

Amtsgericht München (Registration Number): VR 210134  
Tax number: 143/210/03525

## London General Secretariat

Executive Secretary: Dr David Coates  
Senior Administrator: Ms Teresa McGovern  
Accounts and payroll: Outsourced to Keith Vaudrey & Co.  
Membership Secretary: Function partially provided by the Wroclaw Hub office  
Membership administration, database and website management are outsourced: Technical University of Graz. Contact is Ms Dana Kaiser

The Executive Secretary is the Company Secretary (London), with responsibility for day-to-day financial operations of the AE as a whole (except for SAPEA projects) membership and activity and the London office and provides secretariat support to the Board and other sub-committees and assistance to the Munich office.

The company and charity registered office is at Room 251, Senate House, University of London, Malet Street. London, WC1E 7HU.

## Munich General Secretariat

Director: Professor Donald Dingwell  
Executive Secretary (Munich) Ms Friederike Brandthaus

The association registered office at Munich, is at Academia Europaea e.V. Room 336, 3rd floor, Theresienstr. 41, 80333 München, GERMANY. The office has responsibility for all EU research related matters, oversight of the AE Regional Knowledge Hubs, support to the Classes and Sections and overall oversight of the communications strategy, membership election and support services and all activity programmes including conferences, awards, grants and related matters.

## Regional Knowledge Hubs (on the 31<sup>st</sup> of December 2024)

### Barcelona Hub (<https://aebarcelona.eu/> )

Academic Director: Professor Jaume Bertranpetit  
Hub manager: Maite Sánchez Riera

### Bergen Hub (<https://aebergen.w.uib.no/>)

Academic Director: Professor Eystein Jansen (AE trustee)  
Hub manager: Ms Kristen Bakken  
Communications: Mr Nils Olav Sæverås

### Budapest Hub <https://mta.hu/aebudapest>

Academic Director: Professor Peter Hegyi  
Hub Manager: Dr Gergely Bohm  
Hub Officer: Nóra Deák  
Hub Communications Officer: Katalin Borvölgyi,

### Cardiff Hub ([www.aecardiffknowledgehub.wales/](http://www.aecardiffknowledgehub.wales/) )

Academic Director: Professor Ole Petersen.  
Hub Manager: Ms Louise Edwards  
Communications officer: Alice Sadler  
Executive Officer: Ms Juliet Davies  
Research Officer: Rafael Carrascosa Marzo

**Graz Data Centre.** Responsible (under contract to AE London) for delivery, support, development and content management of the AE corporate website ([www.ae-info.org](http://www.ae-info.org) ) and the membership database. The data centre team include: (Director) Professor Frank Kappe, Project Manager H. Leitner, M.Sc., Chief Programmer Mr R. Hoffmann and Main Editorial Management Ms Dana Kaiser M.A.

### Tbilisi Hub (<https://www.aetbilisihub.org/> )

Academic Director: Professor David Lordkipanidze  
Hub Executive Director: Ms Natia Khuluzauri  
Manager: Vakhtang Tsintsadze

### Wroclaw Knowledge Hub (<https://acadeuro.wroclaw.pl/> )

Academic Director: Professor Arkadius Węjs  
Hub manager: Anna Jarosz  
Hub officer: Veronica Lott

**SECTION 2: The structure and mission of the Academia Europaea****The Academia Europaea London<sup>1</sup>**

On 23 September 2009: the Academia Europaea was incorporated as a Company limited by Guarantee and was registered at Companies House (number 07028223). See: <https://beta.companieshouse.gov.uk/company/07028223> .

The Company was also registered as a not-for-profit charity (registration number 1133902), see <https://register-of-charities.charitycommission.gov.uk/charity-search/-/charity-details/4048916>

**The Academia Europaea Munich**

As of 20th September 2023, the trustees signed articles to establish a new AE Munich legal entity (Academia Europaea e.V - eingetragener Verein). Amtsgericht München (Registration Number): VR 210134. Tax number: 143/210/03525

**Governance and management**

A single Board of Trustees manages the affairs of both legal entities of the Academia Europaea. There is an 'Advisory Council' and other operational sub-committees that are described in annex 1. Elections and appointments to the Board are as described in the regulations. These can also be found on the corporate website at [www.ae-info.org](http://www.ae-info.org).

Members elect the officers of the Academia (President, Vice President(s) and Honorary Treasurer). Other trustees are co-opted directly by the Board. The Annual General Meeting of members confirms these appointments in accordance with the regulations. The Vice Presidents (ex officio) are recommended by the President and appointed by the Board of Trustees for a period as defined in the Regulations.

**Training and induction of new trustees**

New trustees are provided with a copy of the statutes and regulations, governance documents and access to sets of minutes of the past year(s). Trustees also receive copies of documents describing the role and responsibilities of Directors and Trustees and links to the appropriate UK Charity Commission and Company House websites and those relevant to the Munich legal entity.

**The mission of the Academia Europaea**

The Academia Europaea is an international, non-governmental association of individual scientists and scholars, who are experts and leaders in their own subject areas, as recognised by their peers.

**The Academia will:**

Promote European scholarship and research and increase the wider appreciation of its value and importance  
Make recommendations to national governments and international agencies concerning matters affecting science, scholarship and academic life in Europe.  
Encourage interdisciplinary and international research in all areas of learning, particularly in relation to European issues.  
Identify topics of trans-European importance to science and scholarship and propose appropriate action to ensure that these issues are adequately studied.

**The Academia will endeavour to:**

Encourage the highest possible standards in scholarship, research and education.  
Promote a better understanding among the public at large of the benefits of knowledge and learning, and of scientific and scholarly issues, which affect society, its quality of life and its standards of living.

<sup>1</sup> From 1988 to incorporation in 2009, the Academia Europaea operated under a Deed of Trust and was registered as a Charity with the Charity Commission of England and Wales (former registration number 1001978)

## Charitable objectives:

The advancement and propagation of excellence in scholarship in the humanities, law, the economic, social and political sciences, mathematics, medicine, and all branches of natural and technological sciences anywhere in the world for the public benefit and for the advancement of the education of the public of all ages in the aforesaid subjects in Europe.

## SECTION 3: Trustees' report for the period ended 31 December 2024

The trustees would like to thank all of the organisations that have sustained the Academia through their generous general financial sponsorships in particular the authorities supporting the Academia Europaea Regional Knowledge Hubs. The trustees also thank those other foundations and organisations that have contributed to the running of specific events and activities of the Academia during the period of this report. These organisations are identified in various places within this report and in the separate accounts and have been identified within the various 'reports to members' of events held during the current period, where appropriate. The trustees have been active in their engagement in the affairs of the Academia and have attended every meeting of the trustees (physical or virtual). The trustees wish to express their gratitude to the elected officers of the Academy for their additional work on behalf of the membership. In particular, to thank Professor Don Dingwell for steering the establishing of the new Munich AE legal entity, and for his representing the AE in external project boards and meetings, including in the Horizon Europe SAPEA plus project and Alban Kellerbauer as Editor-in-chief of our international journal – The European Review. The trustees would also like to thank the trustees again thank Professor Lars Engwall for his chairmanship of the HERCuLES group and the Wenner Gren Foundations of Sweden, for supporting the annual international symposium series.

In 2024, the AE operated a growing programme of real-time international events (conferences and workshops) and a programme of online activities (webinars and streamed events). Some of these are reported below and in more detail in the individual Hub annual reports. The Horizon 2020 funded SAPEA activity continued under a new contact and is managed out of the Munich office. The European Review continued to be published and generated royalty income (see below).

The trustees are grateful to the six AE Regional Knowledge Hubs and their dedicated staff. The sponsors and hosts of these hubs have through their generosity, enabled the AE to deliver a much larger and more varied programme of activities both to the academic communities of their regions and also increasingly they are bringing science to the general public, thorough a range of public events, lectures and exhibitions targeted at their specific regional remits. These are reported on in the individual Hub annual reports. The Regional Hubs are independent of the AE corporate centre but work in coordination with one another in delivering our charitable objectives across Europe.

As a result of the 2024 activity, the trustees can report that the annual examined accounts for 2024 show a negative unrestricted funds reserve carried forward to 2025 of £-33,600 compared to £4,266 for the year ended 31 December 2023. This negative figure does not however reflect the actual cash situation of the AE at the end of 2024. In fact, an unrestricted funds total of £213,526 was carried over into 2025 (this figure includes the life membership totals as described in the official 2024 accounts document). The accounts showed deferred income in creditors which reflect the accumulated total for life membership donations which are then split over ten years. Each year a 10 percent of accumulated lifetime membership contributions is recognised as members' contributions in the annual accounts. The remaining accumulated lifetime membership contributions are carried forward to the next accounting year. This is reported on page 13 in the financial statements. In addition, the restricted funds were £170,664 in the year ended 2024 and £179,444 in 2023. The costs increased due to the setting up and operation of the new legal entity in Munich, the costs of which were £58,848 in the accounting year of 2024 compared to £54,042 in the year 2023. The charity has since reduced the costs of labour and office space in London to mitigate this deficit in the unrestricted funds. The favourable effect of the cost-cutting that started from April to August 2024, will be further reflected in the coming years. In addition, steps were taken to reduce IT costs at the London office. These will provide additional savings in 2025 and beyond.

The trustees wish to record their thanks to the Technical University of Graz data centre staff for their dedicated I.T. and corporate web and database support and to Professor Balazs Gulyas for his management of the 2024 AE Erasmus Medal process. The Board would also like to thank Professor Gulyas for his work in establishing the Hungarian Research Network (HUN-REN) organisation as a new Patron member of the AE.

The trustees are pleased to report, that in 2024, our inter – organisational links were further strengthened with a number of European federation organisations (ALLEA, FEAM, EASAC eurocase and YASAS (The Association of European Young Academies). Cardiff and Munich have been responsible for delivery of AE SAPEA plus participation throughout the year.

The President and other trustees engaged in a number of specific activities that responded to policy issues across Europe and more widely. A thematic transdisciplinary AE task force on Environmental sustainability continued to meet. In addition, the task force on Artificial Intelligence under the coordination of Professor Erol Gelenbe (Chair of the Informatics Section) organised key meetings and the international collaboration agreement known as the TEA-NET consortium, under the coordination of Professor Peter Hegyi (Chair of the Clinical and Veterinary Sciences Section) entered its delivery phase. The AE played an active part in a number of European international associations, networks and initiatives as part of our objective to support excellence in European science and scholarship. One of these was the IYBSSD (The UN International Year of Basic Science for Development) – Professor Eystein Jansen was the AE liaison. Each of the six Regional Knowledge Hubs has its own distinct mission and identity that respond to local and regional priorities. The trustees recognise the immense support provided by the sponsors for these Hubs. None of the hubs receives core financing from the centre for their day-to-day operations. This model helps to increase local responsiveness. The Cardiff Hub team managed the role of AE Corporate communications coordination, and a visual refresh project was launched across all Hubs.

The trustees are pleased to report a further widening of the membership of the Academia Europaea with the election in 2024 of 365 scholars across the four classes. The full 2024 election list is at annex 1. Member statistics can be found on the AE website at [ae-info.org](http://ae-info.org). There has been a gradual improvement in gender balance members and a reduction in regional disparity in terms of disciplines over the year. This is in line with the targets as described in the strategic plan. However, the trustees will further address these issues in 2024 with a review of membership election and assessment policy to better meet CoARA<sup>2</sup> principles for the 2025 new member cycle. The trustees also continued to support the continuing development of the Young Academy of Europe, in recognition of the AE mission to promote young researchers.

The AE has a membership of individuals that are drawn from the whole continent of Europe and Foreign members from beyond Europe. The majority of AE members are resident and working outside of the UK and the majority of these are based in EU member states. The trustees concluded, that following the completion of the BREXIT process, the risks to the continuation of the Academia as a UK registered and domiciled charity should be regularly reviewed. One significant driver was to ensure the continued AE eligibility to be a beneficiary in future EU funded research collaboration programmes. The situation was resolved in 2023/4 through the creation of a new independent legal entity (a not-for-profit association) in Munich, Germany. The two “charities” have the same common Board of trustees and operate with near identical articles of association. The two entities utilise the existing regulations and policies and all members of the AE are *de facto* members of both entities. Steps will be taken to try to harmonise meetings of trustees and for the annual business meeting to meet the requirements of both entities in common. The intention is that members will not see any difference in operations of the AE. Both entities share the same charitable objectives. Future annual reports to the UK Charities Commission will describe the full range of activity carried out (for both entities). Financial reports will however not be consolidated, and each entity will report to its respective national authorities separately as required.

The Trustees wish to place on record, that it was their belief that at the time of the compilation of this report, there were no additional or unforeseen risks that would place the continuation of the charity in jeopardy.

### **Public benefit statement**

Over the year the Academia and the Regional Knowledge Hubs, have published articles and papers in academic journals; organised a number of virtual and physical academic meetings across the continent that are open to members and non-members, young scholars and to the interested public in all areas of operation. The Academia has provided prizes and awards to support and recognise excellent researchers in pursuit of their scholarship. To enhance the accessibility of the European scholarly community to the public, the Academia has maintained and enhanced its web portal and those of the regional knowledge hubs and has contributed to the betterment of European Policy through participation in provision of expert, impartial advice to authorities and governmental organisations and has supported the Young Academy of Europe. A full description of all of the main activities is included elsewhere in this report.

The trustees have consulted the guidance made by the Charity Commission for England and Wales on the Public Benefit requirement of the charities Act 2011. The Trustees are confident that they have complied with their duty under section 4 of the Charities Act 2011 in that they have had a due regard to public benefit guidance published by the Commission.

### **Future Plans**

In the coming year (2025), the trustees will continue to deliver the mission of the Academia through the running of appropriate workshops, publications and related activities. The trustees will explore new opportunities, including continuation of an AE activity for environmental sustainability, Artificial intelligence, and collaborations with other international platforms. The AE will establish a pilot ‘Academia Europaea College of Excellence’ and support the expansion of outreach through an expansion of the network of regional Hubs. We will explore alternative models of financing. The Young Academy of Europe will continue to be supported, specifically to provide a focus to engage with and support young researchers from across the UK and Europe. The AE engagement in European Science policy advice will be strengthened through taking a lead on topics within the Science Advice Policy project SAPEA PLUS and any subsequent Horizon funded policy project. The trustees will especially focus on ensuring that its UK based membership and researchers more generally can continue to be effectively linked with their European colleagues. Following the establishing of the new Munich legal entity, resources will be transferred to assist with set-up and operation, including the re-allocation of administrative tasks from London. To assist in this, the London office and staffing resource will be scaled back. At the invitation of the European Commission, the AE will provide direct input on behalf of the European Union into the G20 network of leading economies, by providing scientific advice to S-20 network of national academies. Appropriate IT developments will be financed to enable coordinated working across the two AE offices.

## **SECTION 4: Centrally co-ordinated activities during the period, 1 January 2024 – 31 December 2024**

### **The 35th annual conference of members 26-28 November 2024.**

The conference of the Academia Europaea took place at Wroclaw technical University, Wroclaw, Poland. Local organiser and host - Professor Arkadiusz Wójs MAE. – Rector of the University This was a physical event with streaming of plenary sessions see this link for full details: <https://acadeuro.wroclaw.pl/events/buildingbridges24/>

### Sessions included:

---

<sup>2</sup> CoARA. [Coalition for Advancing Research Assessment](#)

On November 26<sup>th</sup> a dedicated one-day meeting for all four Classes running in parallel.  
An open meeting of the Young Academy of Europe  
Interdisciplinary Scientific Seminar for young scholars and senior High school students – Professor Stephen Evans

#### **November 27th - plenary session speakers included**

**The 2024 Young Academy of Europe Andre Mischke prize was awarded to Dr Jacek Kolanowski – “Opportunities and Challenges for Early-and-Mid-Career Researchers in Trans-Sectoral and Community Engagement: A Chemical Biologist’s Methodological Perspective”**

**Prof. Heino Falcke, Balzan Prize Winner, MAE – “Towards the Ends of Space and Time – The First Image of a Black Hole”**

**Prof. Verena Winiwarter, MAE – “Energy transitions of the past: is there something to learn from history?”**

**Prof. Ambrogio Fasoli, MAE - “Fusion energy and the European path to power plants”**

**Prof. Monica Bello – “Art & Science” lecture: “Science and art in dialogue, creativity across disciplines”**

**Prof. Emmanuelle Charpentier – Nobel Prize in Chemistry 2020, MAE – “CRISPR-Cas9: microbiology as a motor for innovations in medicine and agronomy”**

**Prof. Eske Willerslev, Balzan Prize Winner – “The Genomic History of Western Eurasia, Human History, Ecosystem Change, Disease Susceptibility and Infectious Disease”**

**Prof. Yvonne Buckley, MAE – “Biodiversity in a warming world: how climate, climate action and land use shape biodiversity patterns”**

**Prof. Botond Roska, MAE - “Restoring vision”**

#### **November 28th plenary speakers included**

##### **Panel Discussion on Urban Innovations**

Prof. Katarzyna Chojnacka, MAE – Moderator

Prof. Barbara Widera

Dr. Irene Bonvissuto

Dr. Grzegorz Synowiec

Dr. Kathrin Golda-Pongratz, MAE

Dr Karim Selouane

Dr. Magdalena Głogowska

MSc. Eng. Monika Pec-Święcicka

Prof. Simon Goldhill, MAE

MA Joanna Zdanowska

##### **Plenary speakers included**

- **Prof. Rubina Raja, MAE – “Making and breaking cities: the historiography of urban archaeology in the MENA region”**
- **Prof. Samuel Lieu, MAE – “Between Rome and China – Christianity and Manichaeism on the Silk Road”**
- **Prof. Shalom Lappin, MAE – “The deep learning revolution in AI”**
- **Prof. Helen Kennedy, MAE – “What does a good digital society look like?”**
- **Prof. Rubina Raja, MAE – “Making and breaking cities: the historiography of urban archaeology in the MENA region”**
- **Prof. Samuel Lieu, MAE – “Between Rome and China – Christianity and Manichaeism on the Silk Road”**
- **Prof. Shalom Lappin, MAE – “The deep learning revolution in AI”**
- **Prof. Helen Kennedy, MAE – “What does a good digital society look like?”**

Class Chairs Panel Discussion – “Sciences and Scholarship in the Face of the Future: Advances and Crossroads”

Prof. Elżbieta Frąckowiak, MAE – Moderator

Prof. Poul Holm – Humanities

Prof. Éva Kondorosi – Life Sciences

Prof. Paolo Papale – Exact Sciences

Prof. Björn Wittrock – Social and Related Sciences

-----  
**The Academia Europaea Erasmus Medal** No medal was awarded in 2024

-----  
**The Adam Kondorosi Academia Europaea award for advanced research** No award in 2024

-----  
**The Sydney Brenner Prize for Personal achievement in Life Sciences** No award was made in 2024

## 2024 Class meetings

As a part of the annual conferences programme, the four Classes each held a Class event on 26<sup>th</sup> November to welcome the new members elected in 2024.

The four Classes each followed a similar format. This included a presentation and welcome to the AE by the Class Chair followed by a selection of new member presentations representing each Section and round table discussion sessions.

---

## Reports from the Class Chairs for 2024

**Class A1 – Humanities – Chair Professor Poul Holm (Dublin):**

**Class A2 – Social and Related Sciences – Chair Professor Bjorn Wittrock (Uppsala):**

**Class B – Exact Sciences – Chair Professor Paolo Papale (Rome):**

**Class C – Life Sciences - Chair Professor Eva Kondorosi (Budapest):**

---

## SECTION 5: Academia Europaea outreach.

### The Academia Europaea Regional Knowledge Hubs

Each Hub operates as an independent entity with local hosts and sponsors. Each Hub organises and delivers their own programmes of activity and assists the London HQ, where needed. The Hubs each have a complimentary thematic mission that provides a wide range of activities delivering a wider public benefit that is in line with our charitable objectives. These activities are described in the individual Hub reports (**see annexes**).

**AE engagement in European research policy and scientific expert advice to policymakers for general public policy (science into policy)**

- **SAPEA – Scientific Advice for general European Policy (not policy for research)**

### **SAPEA: Science Advice for Policy by European Academies**

- Spanning the disciplines of engineering, humanities, medicine, natural sciences and social sciences, **SAPEA** brings together the outstanding knowledge and expertise of Fellows from over 100 Academies, Young Academies and Learned Societies in more than 40 countries across Europe
- SAPEA is part of the [European Scientific Advice Mechanism \(SAM\)](#) which provides independent, interdisciplinary and evidence-based scientific advice on policy issues to the European Commission, working closely with the [SAM Group of Chief Scientific Advisors](#)
- The project is funded through a grant from the EU's Horizon 2020 programme. It runs to 2027

= country with at least one Academy

Academies' independence, academic expertise and convening power make them a critical source of evidence for policymakers and the wider public, providing an unbiased, balanced and transparent perspective. Academies within SAPEA are members of one or more of the European Academy Networks: [Academia Europaea](#), [ALLEA](#), [EASAC](#), [Euro-CASE](#), [FEAM](#) and the [Young Academies Association \(YASAS\)](#).

All of the Networks' Member Academies across Europe are part of SAPEA and are encouraged to participate actively. Opportunities for involvement include:

- **suggesting scientific topics**
- **communicating their latest major scientific outputs to SAPEA**
- **nominating Fellows** to the SAPEA Working Groups, or other events requiring the advice of an expert (e.g. experts' workshops or stakeholder meetings)
- **hosting Working Group meetings**  
direct costs can be covered
- **acting as "Lead Academies"** for a selected scientific topic
- **hosting outreach events**  
event support can be provided
- **Raising the visibility of Academy work at a European Level** by sharing news of activities with the SAPEA Communications Office for the project website

#### **AE engagement in SAPEA Plus and providing expertise to public institutions and administrations at European Level**

The Horizon2020 funded project contract with the European Commission will run to 2027 and will be managed out of the Munich office. The President is a member of the Board of Management of the project. Prof. Ole Petersen (Academic Director of the Cardiff Hub) oversees the work of the AE SAPEA Science Policy Officer - Louise Edwards, who is based at the Cardiff Hub. Louise is responsible for the day-to-day management of any AE involvement in policy advice topic work and is a member of the project coordination team. The AE Executive Secretary Munich acts as AE contract manager in liaison with the central project coordination team. The day-to-day engagement in SAPEA is undertaken by the Science Policy team at the Cardiff Knowledge Hub and Munich. AE Cardiff has undertaken literature reviews on behalf of the consortium and on behalf of the European Commission.

Full information for the project and its outputs, can be found via the official SAPEA website (<https://sapea.info/>) and through both the ae-info website [[http://www.ae-info.org/ae/Acad\\_Main/Activities/SAPEA](http://www.ae-info.org/ae/Acad_Main/Activities/SAPEA)] and the Cardiff Hub website [<http://aecardiffknowledgehub.wales/>]

Our intention throughout the SAPEA project is to work with and through the regional knowledge Hubs and with the Young Academy of Europe to ensure maximum opportunity for involvement of our members. We will also establish an outreach forum of other pan-European organisations to improve linkages and engagement of non-core partner expertise and seek to engage (through our Cardiff Hub) scholars (members and non-members) as experts from the UK and Ireland.

#### • **European Science Advisory Council (EASAC)**

Formed by a number of European Academies and supported by the Academia Europaea provides EU institutions and other pan-national bodies with fully independent advice on the scientific aspects of public policy.

The Academia was a founding member of this Council and collaborates with our sister Academies in making available our members' expertise where needed, for the many study groups that are established. The Academia provides a financial contribution to the running of the secretariat of EASAC. The Academia covers the costs of participation of the AE Council member and AE experts participating in specific study panels [<http://www.easac.eu/>]. The AE supports a number of members, who provide their individual expertise to EASAC studies and/or are engaged in the standing committees of EASAC. Professor Don Dingwell (trustee and VP) is the AE delegate to the EASAC governing Council. The list of publications and reports can be found via the website above.

**European Academies  
Science Advisory Council**

- **EASSH** (The European Alliance of Social Sciences and Humanities).

The Academia Europaea is a member of this alliance through our two Class chairs – Professor Poul Holm and Professor Bjorn Wittrock. Trustee Professor Milena Zic Fuchs is also a member of the council of the EASSH. The association seeks to promote and safeguard the position and status of the social sciences and Humanities within the European Research area. Its activities can be found at this URL: <https://eassh.eu/>

The Academia Europaea maintains 'working level relationships' with UNESCO as a listed NGO.

## **AE Publications**

**The Academia Europaea in conjunction with Cambridge University Press publishes an international peer reviewed journal.**

**The European Review 2024** (volume 32). The Editor-in-chief – Professor Alban Kellerbauer (Nuclear Physics, Joint Research Centre, Karlsruhe, Germany). The journal has seen a significant increase in uncommissioned papers submitted for review and publication, from across the world.

In 2024, the European Review (ERW) volume 32 had six issues and one open access supplement. AE members had free access to the online version of the journal and to the archive. The Editor-in-chief renewed the editorial Board to include members of the Young Academy of Europe. Negotiations were completed to a transfer agreement so that from 2025 the ERW would be completely Gold open access.

Volume 32 - Supplement S1 - November papers from a HERCuLES-Wenner Gren Foundations symposium held at the Wenner-Gren Centre in Stockholm on 10–12 May 2023 with the economic support of the Wenner-Gren Foundations.

<https://www.cambridge.org/core/journals/european-review/issue/2ED32D7FA998C6E2E3CA34BFA406A6F4>

Title: **Digital Challenges - 2024**

ERW at Cambridge Core: <https://www.cambridge.org/core/journals/european-review>

**Biology Direct:** a publication (now affiliated with the AE) at the initiative of Professor Alex Verkhatsky (former Chair of Class C – Life Sciences). Published by Springer Nature - <https://biologydirect.biomedcentral.com/>

## **AE 'in-house' and 'grey' literature publications.**

In addition to regular corporate e-newsletters [produced on behalf of the AE HQ by the Communications group at the Cardiff Hub] and separately by all of the Regional Knowledge Hubs, the AE maintained its corporate website which is managed and hosted at the Technical University of Graz under a service contract. The Regional Knowledge Hubs maintain their own websites to reflect their own, independent programmes of activity.

**SECTION 6: 2024 Events and Activity provided with AE sponsorship including projects funded through the Hubert Curien Fund, or externally organised but with AE patronage in 2024, or externally sponsored.**

**Academic Freedom in Twenty-First Century. An Academia Europaea HERCuLES Wennergren Foundations Symposium May 15-17, 2024 - Organizing Committee: Lars Engwall (Chair), Filip Dochy, and Peter Scott**

## **Keynote – The Foundations of Academic Freedom**

"The Foundations of Academic Freedom". Henry Reichman, Professor emeritus of History at California State University, USA.

## **Session: National Threats on the Autonomy of Universities**

Chair: Marja Makarow, President of Academia Europaea and Professor of Applied Biochemistry and Molecular Biology, University of Helsinki, Finland and HERCuLES member.

"The Role of Institutional Autonomy in the Deterioration of de Facto Academic Freedom in EU Member States" - Peter Maassen, Professor in Higher Education Studies at the University of Oslo, Norway.

"For a Balanced Institutional Autonomy in Relation to Academic Freedom: A Comparative Study of Its Constraints and Prospects" - Zhidong Hao, Professor emeritus of Sociology, University of Macau.

### **Session: Is a Strong Leadership of Universities Compatible with Individual Academic Freedom?**

Chair: Christine Musselin, Professor of Sociology, Science Po, Paris, France and HERCULES member.

"The Value Discriminant". Ivo De Gennaro, Associate Professor of Philosophy, Faculty of Economics and Management, Bozen-Bolzano, Italy.

"Demagogues and Line Managers: The Implications of Hierarchical Leadership on Academic Freedom"

Andrew Ryder, Professor at ELTE Budapest, Hungary, Director of the Institute for Political and International Studies

### **Session: Decision-making on Curricula**

Chair: Kirsten Drotner, Professor of Media Studies, University of Southern Denmark, Denmark and HERCULES member.

"Who Should Decide for the Curricula?". Margrit Seckelmann, Professor of Law, Leibniz Universität Hannover, Germany

"An Ontology of Quality in Higher Education Teaching". Joseph C. Hermanowicz, Professor of Sociology, University of Georgia, USA

### **Session: Education under Political Pressures**

Chair: Marie Farge, Professor of Mathematics and Physics, CNRS, Paris, France and HERCULES member.

"The Twilight of Academic Freedom?". Michael Bérubé, Professor of English Literature, Penn State University, USA.

"Crisis of Knowledge in the Seminar - Who is Afraid of Academic freedom?". Nadia Al-Bagdadi, Professor of Modern Islamic history, Central European University and former president of the Network of European Institutes for Advanced Studies, Vienna, Austria

### **Session: What Should Be the Drivers for Research Agendas?**

Chair: Jürgen Enders, Professor of Higher Education Management, University of Bath, United Kingdom and HERCULES member.

"Setting Research Agendas, a Permanent Fight for the Scientific Community". Jean-Pierre Bourguignon, Professor of Mathematics, Honorary Professor at the Institut des Hautes Études Scientifiques, former President of the European Research Council (ERC) and HERCULES member

"Who Should Decide a Scientist's Research Agenda?". Uwe Schimank, Professor of Sociological Theory, University of Bremen für Soziologische Theorie an der Universität Bremen, Germany

### **Session: Research under Political Pressures**

Chair. Milena Zíc Fuchs, Professor of Linguistics, University of Zagreb, Croatia and HERCULES member.

"The Missing Guardrails of Academic Freedom in Sweden". Shirin Ahlback Öberg, Professor of Political Science, Uppsala University, Sweden.

"TBA". Elizaveta Potapova, Senior Researcher in Public Policy and Management Institute, Lithuania

### **Session: Dissemination under Bibliometric Pressures**

Chair: George Sharvashidze, Professor of Education, Tbilisi State University, Georgia and HERCULES member.

"Redefining Academic Dissemination: Navigating the Shifts in Scholarly communication". Rafael Ball, Director of ETH-Bibliothek, ETH, Zürich, Switzerland.

"The Changed Publishing Culture of Science". Peter Weingart, Professor emeritus in Sociology, former Director for the Centre for Interdisciplinary Research at Universität Bielefeld, Germany

### **Session: Dissemination and International Collaboration**

Chair: Helena Buescu, Professor of Comparative Literature, University of Lisbon, Portugal and HERCULES member.

"Openness Challenged: The University at Risk?". Marijk van der Wende, Professor of Higher Education, University of Utrecht, the Netherlands and HERCULES member.

"Global Shifts in Scientific Production: The Impact of Academic Freedom on International Collaboration". Rickard Danell, Professor of Sociology, University of Umeå, Sweden.

### **Concluding Panel**

Chair: Lars Engwall, Professor of Business Studies, Uppsala University, Sweden and HERCULES Chair

#### Panellists:

Alban Kellerbauer, Professor of Nuclear Physics, Joint Research Centre, Karlsruhe, Germany and HERCules member.  
Gemma Modinos, Professor of Neuroscience, King's College, London, United Kingdom and HERCules member.  
Jo Tollebeek, Professor of Cultural History, University of Leuven, Belgium and HERCules member.  
Milena Zic Fuchs, Professor of Linguistics, University of Zagreb, Croatia and HERCules member.

#### • Other Hubert Curien grant funded initiatives (member and/or Hub initiated) in 2024

**AI Challenges for European Research and Academia:** 4th and 5th September 2024, CNRS Abraham de Moivre Mathematics Laboratory, Dept. of Mathematics, ICL South Kensington Campus, London, UK

**Sponsors:** Academia Europaea & CNRS Abraham de Moivre Mathematics Laboratory, Imperial College London Co-Sponsor: Foundation for Science and Technology, UK

Organizing Committee: Dan Crisan, Maths. Dept., ICL, Erol Gelenbe, Inst. Theoretical & Applied Informatics, Polish Acad. Sci., Federica Pratola, Maths. Dept. ICL

#### Research Topics & Presentations

##### Introduction

- Thomas Eiter MAE, Fellow Austrian Acad. Sci., "Logic versus ML: Links to the Foundations of AI"
- Zeina Zakhour, CEO Global Security Eviden/ATOS, "AI for Cybersecurity and the Security of AI"  
<zeina.zakhour@eviden.com>

##### Brain Modelling

- Samuel Laurent-Deslosieres, INRIA, "Modeling the Brain Connectome"
- Dan Farina, Dot. Bioengineering, ICL, "Mapping Brain and Spinal Sensorimotor Activity"

##### Machine Learning

- Eric Moulines, Fellow Acad. Sci. France, Ecole Polytechnique, "Advances in Transfer Learning"
- Yonina Eldar MAE, Fellow of Israel Acad. of Sci., Hebrew University of Jerusalem, "Signal Acquisition Learning"
- Tolga Birdal, Dept. Computing, ICL, Imperial College, "Topological Deep Learning: Beyond Graph Data"
- Erol Gelenbe MAE, "Wave Equation for Quantum Neural Networks"
- Ekin Dogus Cubuk, Google DeepMind, "Scaling up computational materials discovery via deep learning"

##### AI in Cybersecurity, Trust and Privacy

- Yves-Alexandre de Montjoye, Depts. of Computing and Math. ICL, "Computational Privacy and AI"
- Zheng Yan, Xidan University, "AI-empowered Trust and Trust-controlled AI"

##### Research on Language Technology

- Iryna Gurevych, TU Darmstadt, "How to InterText? Modeling Text as a Living Object in Context", iryna.gurevych@tu-darmstadt.de
- Anna Korhonen, University of Cambridge, "Towards globally equitable language technologies," anna.korhonen@gmail.com (Sep 5)

##### AI in Healthcare

- Bernard Macq, Fellow of the Royal Acad. of Belgium, Univ. of Louvain, "Coalition Learning for Healthcare"
- Payam Barnaghi, Imperial College, "AI for Personalized Healthcare Alerts"
- James Cole (UCL) "AI in the Analysis of Brain Ageing" <https://profiles.ucl.ac.uk/32379-james-cole>

##### AI in Engineering

- Louis Wehenkel MAE, Univ. of Liege (Belgium), "Physics informed machine learning for the operation of bulk electric power systems"
- Marco di Renzo MAE, CNRS and Centrale Supélec "Smart Metasurfaces for Communications"
- Alexandra Brintrup, Cambridge University, "Explainable AI for Supply Chains", ab702@eng.cam.ac.uk
- Emannuell Papastavridis, Kings College "Interchangeability between AI and Control Theory for the Control of Robots"
- Eiman Kanjo, Nottingham Trent University and Imperial College, "Tiny ML" [ekanjo@ic.ac.uk](mailto:ekanjo@ic.ac.uk)

In addition to the event listed above. The Board had approved the establishing of a new international collaboration research network (TEA NET) The AE Translational Medicine Working Group (TMWG) network. It started its work on 1 January 2023 and continued throughout 2024. Its primary objective is to process, analyse, and interpret high-quality macro and micro data collected in the field of biomedical sciences with full European coverage. TMWG and training of talented research and clinical scientists dedicated to translational medicine are strongly promoted within AE, which is coordinated by the AE Clinical and Veterinary Section under the overall direction of Professor Peter Hegyi (Academic Director of the AE Budapest Knowledge Hub).

**The European partners** of the TEA NET are the Semmelweis University and the National Biomedical Foundation.

**The Asian partners** will be the Chinese University of Hong Kong (CUHK) in Hong Kong (coordinating site), and its collaborating or affiliated institutions in Shenzhen, including the Shenzhen Institute of Advanced Technologies [SIAT], CUHK Shenzhen Research Institute [SZRI], and CUHK Shenzhen Innovation and Technology Research Institute (Futian) [FITRI] at this stage.

## **SECTION 7: Corporate, Hubs and membership**

### **2024 New members elected**

On 25 March 2024, the trustees approved the recommendation of the Classes and elected 365 new members. Each Class chair introduced their recommended list for election of new members. The trustees discussed each class list and Class chairs highlighted any specific issues that had arisen with any individual Section.

The Trustees then formally elected new members for each Class as follows:

Class A1 – Humanities – elected 85; not elected 17

Class A2 – Social and related sciences – elected 42; not elected 13

Class B – Exact sciences – elected 73; not elected 163

Class C – Life sciences – elected 165; not elected 37

The Class chairs responsible for oversight of the nominations process in 2024 were:

Class A1 – Humanities and Arts – Sections A1-A6 [Chair Professor Poul Holm (Trustee)]

Class A2 – Social and related sciences – Sections A7 – A10 [Chair Prof Bjorn Wittrock (Trustee)]

Class B – Exact and Natural Sciences – Sections B1 –B5 [Professor Paolo Papale (Trustee)]

Class C – Life Sciences – Sections C1 – C5 [Professor Eva Kondorosi (Trustee)]

---

### **Communications**

The Hubs and HQ (via the Cardiff Hub Communications team) issued regular monthly electronic newsletters throughout the year. The Graz Data centre maintained the ae-info.org website and both Graz and Wroclaw ensured that member data was updated, including for the new members elected in 2023. All new members were notified of the AE GDPR policy and members were asked to opt-in to that policy at the time of their election. Newsletters are archived on the ae-info website at:

### **Governance meetings held in 2024**

#### **The Trustees, Council and their subcommittees**

The Board of Trustees met to transact business virtually on 4 occasions throughout the year and in a physical Board meeting on 3 occasions (with a zoom option). All meetings were quorate. Minutes were filed.

A physical/virtual hybrid AGM took place on November 26th in Wroclaw

---

#### **36th Annual Business Meeting 2024 (AGM) – Wroclaw 26<sup>th</sup> November 2024 held at 16:00 – 18:00 (CET)**

This was a hybrid meeting. The President Marja Makarow chaired the AGM. There were 67 physical delegates. The AGM was also online to all members.

The President, Professor Marja Makarow welcomed members to Wroclaw and thanked the local organiser (Professor Arkadiusz Wójs)

The announcement of the AGM had been published on the AE website and made known to all members by E-newsletter more than 21 days in advance. A series of online ballots had been announced and taken on specific items of business (adoption of the annual accounts, annual activity report, re-appointment of examiners and recommended membership subscriptions for 2025). The draft agenda and all papers associated to the AGM were made available on the website in advance and had been tabled for delegates in the room. No motions or resolutions from the membership had been received in advance, as set out in the notice for the AGM. The motion to approve the draft agenda was adopted by the members present.

The Honorary Treasurer (Professor Stephen Evans) summarised the financial position as set out in the accounts for 2024 and additionally gave indications of the current year. He reported that the financial position of the AE was stable but a significant amount of reserves had been expended in 2024 on the new Munich HQ office. He highlighted the reliance of the AE on member donations for all areas of activity and reminded members that annual contributions were a vital part of their acceptance as members. He pointed out that there were still a significant number who did not contribute at all. He also raised the issue of the very small base of external financial support from non-member organisations.

A note of thanks was recorded for sponsors as follows: To the Wenner Gren Foundations for their continuing support to HERCuLES group activity.

A number of electronic member-wide ballots had taken place in advance of the AGM (25<sup>th</sup> August – 9<sup>th</sup> September). The results were reported to all members at the AGM and through normal newsletter channels. Large majorities had approved all motions.

**Motion to adopt the examined accounts for the year ending 31 December 2023 - adopted**

**Motion to adopt the trustees (activity report) for the year ending 31 December 2023- adopted**

**Motion to re-appoint the auditors (examiners) - approved**

**Motion to set the level of membership fees for the year 2025 – approved**

The treasurer had tabled in advance, a motion for decision by the room “Members are invited to approve a one-time establishment fee for new members (2025) of 200 Euros – irrespective of age at the time of their acceptance of membership. **This motion was adopted on a show of hands without dissent.**

Elections of Officers and appointments of trustees. There was no scheduled election in 2024. However, Professor Makarow reported that she would not seek a second term as President and would step down at the end of 2024. The Vice President Professor Dingwell would then function as chair of the Board of trustees and President *pro tem* until a call for nominations and the subsequent election of a new President could be managed in 2025. Members would be fully informed.

#### Appointments and co-options to the Board of trustees

A. A document had been tabled that set out the terms of service already approved for those trustees that had been co-opted. Members present noted the terms for co-opted trustees. The AGM were informed that following a search process by members of the Class for Social and related Sciences, the Board of trustees had accepted a recommendation, that Professor Martin Kahanec (Section chair for Economics) would be co-opted as the Class chair of Class A2 to replace Professor Wittrock with effect from 1<sup>st</sup> January 2025. Professor Wittrock had agreed to remain as a co-opted trustee until the AGM of 2025 (renewable).

- Professor Poul HOLM (Dublin) – Class chair (A1) Humanities – to 31st December 2025
- Professor Bjorn WITTROCK (Uppsala) – Class chair (A2) – Social and Societal Sciences – to 31st December 2024
- Professor Paolo PAPAIE (Rome) – Class chair (B) – Exact Sciences – to 31st December 2027
- Professor Eva KONDOROSI (Budapest) – Class chair (C) - Life Sciences – to 31st December 2026

B. Members present also approved a proposal to continue the co-option of the following trustees on a renewable basis. As follows:

Professor Eystein JANSEN (Academic Director of the Bergen Knowledge Hub) – to 31st December 2025

Professor Milena ZIC-FUCHS – to 31st December 2026

#### Other reports

Professor Petersen (Academic Director of the Cardiff Hub), reported on AE involvement in the SAPEA and SAPEA Plus projects.

There followed a series of presentations by Hub managers as follows:

Barcelona (Prof. Jaume Bertranpetit Academic Director, Ms Maite Sánchez - Hub Manager).

Bergen (Prof. Eystein Jansen Academic Director, Ms Kristen Baaken - Hub Manager).

Budapest (Prof Peter Hegyi Academic Director, Katalin Fodor Hub Manager).

Cardiff (Prof. Petersen Hub Director).

Tbilisi (Prof David Prangishvili – Academic Director, Ms Sofia Kobakhidze – Hub Manager),

Wroclaw Hub (Prof. Arkadiusz Wojs Academic Director, Ms Anna Jarosz – Hub Manager),

Graz Data Centre (Dr Helmut Leitner – Centre manager, Ms Dana Kaiser manager)

Professor Alban Kellerbauer, the Editor-in-Chief of the journal – The European Review, gave a synopsis of the 2024 volume and reported on the translation into an Open Access Journal from 2025.

The President and Vice President then reported on developments at the Munich Hub. They announced the steps that had been taken towards the establishing of the new Munich office of the AE – The Academia Europaea e.V. Professor Makarow reported that as of 20th September 2023, and new AE Munich legal entity (Academia Europaea e.V.) had been formally established. All members of the AE had been informed of the plans at the AGM of 2022, and the strategic plan refers to the Board of trustees keeping the post-BREXIT situation under review. The background and motivation for this development was that the AE has its legal base in the UK and is a UK registered company and not-for-profit charity. None of the current Hubs are, of themselves, legal entities. The Board and the IAG therefore agreed that the establishing of a separate legal entity at Munich (in an EU member state) would guarantee future AE participation, not only in SAPEA, but also in other possible EU funded projects. Since the creation of the new legal entity, the office had recruited a Hub manager (Frau Friederike Brandthaus and other staff to manage the new SAPEA three project. LMU Munich had been appointed to manage the SAPEA three finances for the project consortium as a whole and Mr Rudy Hielscher had been employed to manage the project as overall co-ordinator. The Cardiff Hub would still manage aspects of SAPEA three but, the University of Cardiff had been included as a named beneficiary in the project in its own right and therefore all links to AE London had been ended as far as SAPEA was concerned. The intention is that the new Munich entity will become the operational AE HQ for all dealings with the EU and facilitate access for all members of the AE. The President then reported, that planning for SAPEA three had been completed and the project was approved. It would cover five years, the period from 2025 to 2029. The President also re-affirmed that the establishing of the new legal entity would not affect members. Both legal entities would continue for the foreseeable future and would co-administer aspects of the AE on behalf of all members. Members are de facto, members in common of both entities. There will still be a single identity for the AE, as far as external audiences are concerned.

There were no questions from the floor or interventions, and the 2024 AGM was declared closed at 18:15pm

## **SECTION 8: Statement of Trustees' Responsibilities**

The trustees (who are also the directors of 'The Academia Europaea – The Academy of Europe', for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently.
- observe the methods and principles in the Charities SORP.
- make judgements and estimates that are reasonable and prudent.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

The Trustees are responsible for keeping accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Trustees are aware:

- There is no relevant information about which charitable company's examiner of accounts is unaware; and
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant information and to establish that the examiner of accounts is aware of that information.
- The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions

## **Risk assessment**

The trustees have assessed the major risks to which the charity is exposed, in particular, those relating to the operations and finances of the charity and post BREXIT impacts and are satisfied that systems are in place to mitigate our exposure to these risks. However, the situation will be kept under constant review and any necessary steps taken.

## **Financial Report**

The trustees confirm that suitable accounting policies have been used and applied consistently, and that reasonable and prudent judgements and estimates have been made in the preparation of the financial statements for the year 1 January 2024 - 31 December 2024. The Trustees also confirm that applicable accounting standards have been followed and that the financial statements have been prepared on the going concern basis. The assets are available and adequate to fulfil obligations on a fund - by - fund basis.

Academia is required by UK law to present its accounts in Pounds Sterling. A version expressed in Euros could be prepared by converting the figures at the exchange rate for a particular date, but this would not be accurate since transactions are spread throughout the financial year, during which a range of exchange rates has existed. Any significant foreign exchange impacts are described in the notes to the accounts. The full accounts have been published separately to this activity report.

## **Reserves policy**

The examined accounts show the total of unrestricted funds for the year ended 31 December 2024 was (£33,600) [YE 31 December 2023, £4,266). The reserves were decreased by £58,848 due to the costs associated with the maintenance and operation of the Academia Europaea e.V in Munich (actual cash of Euro 87,000). However, the actual total of cash at the bank remained positive at the end of the year. Nonetheless, it is the policy of the trustees to maintain sufficient reserves for the Academia Europaea to continue its charitable activities and in view of this, the trustees aim to achieve reserves equal to approximately six months of operations. The reserves policy was not met in the last two consecutive years due to the creation and support given to the Academia Europaea c.V in Munich. Trustees are responsible to review the reserves policy every year. It is worth noting that there is a 10% deferred income from lifetime members that are recognised in the statement of financial activities annually. For the

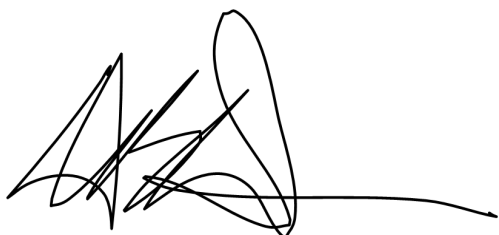

accounts year ended 31 December 2024 the deferred income in the creditors amounted to £177,513, while for the previous year 2023, it was £175,684.

### **Income and expenditure for the period ended 31 December 2024 (summary overview)**

The year was one of a caution. Following the legal costs in 2023 surrounding the creation of the Munich e.V. and budgeted establishment costs for the new Munich office in 2024, the cash reserves had taken a hit. To partially offset these additional expenditures, there was a tightening of non-designated expenditures, with a suspension of calls for the Hubert Curien Fund and a scale back of ad hoc project expenditures, a reduction in London labour and office costs and with steps to reduce longer term IT expenditures. Our total unrestricted income for the year was £285,259 Total unrestricted expenditure was £308,806.

The AE as a charity seeks to operate an effective zero balance budget. We are essentially dependent upon members' donation income. In 2024, this was at £264,999 and life membership payments totalled £21,552.89 this total was a slight reduction in the income received over 2024 and reflected a large change in the age profile of a cohort of members, who as is allowed, opted to donate at a reduced level. The Trustees stress to all members the importance of supporting the Academia by making a donation every year, preferably at the recommended level. Without more members making a payment, the AE will not be able to grow the range and type of activity and support for member initiatives that we need to deliver our obligations as a charity. Whilst a voluntary scheme remains our policy, the Trustees reviewed this policy and decided to levy a recommended general fee rate, linked to an age-related banding for annual donations, per member. Sponsorship continued to be successful for individual activity, and we thank the Wenner Gren Foundations (Sweden), The Heinz-Nixdorf Foundation (Germany), and The Balzan Foundation (Switzerland) for their support and the support of other sponsors. The Board continued to recognise the ongoing difficulty in obtaining core financial support from public and private institutions and expect that the Finance and Sponsorship sub-committee will try to address this. The members at the AGM approved a significant increase in the age-related individual member's fee requests for 2025. The first increase in over a decade. We also thank the Hungarian Research network which became a new Patron member of the AE in 2024.

The examiner's accounts for 2024 are filed separately and can be viewed through the Academia Europaea website, the UK government Companies House and the Charities Commission of England and Wales websites respectively.

A handwritten signature in black ink, consisting of a series of loops and a long horizontal stroke extending to the right.

**Don Dingwell, President**  
**On behalf of the Board of Trustees**

**Adopted unanimously by the Board of trustees on 11<sup>th</sup> September, 2025**

## **Annex 1 Trustees, ‘Council’, and Section Committee composition as of 31<sup>st</sup> December 2023 for AE London**

At the AGM in September 2015, the Regulations were amended to allow the appointment by the Board of a variable number of Vice Presidents (ex officio) to provide flexibility to the President and that serve a VP term limited to that of the President. These changes are within the overall limits set for the Trustees in the Articles of Incorporation and do not impact on the role or seniority of the elected officers. The Articles prescribe a Board made up of not less than 3 and NOT MORE than 15 members. The Articles describe a Board made up of elected officers (President, Vice Presidents and the Treasurer – all elected by the membership (at a general meeting); a number of members (appointed by the ‘Advisory Council’ – who are the Class chairs) and a number of co-opted (by the Board) members. The subsidiary Regulations are used to determine numbers and balance up to the limit of 15. The current formula is – Officers: [President, elected Vice presidents (up to two were approved by AGM in 2012); Treasurer]. Others co-opted.

In November 2015 the Board approved the designation of several existing Trustees as Vice Presidents ex officio, to reflect new portfolios. In 2023 these were Professor Paolo Papale (Class Chair); Professor Poul Holm (Class Chair) Professor Bjorn Wittrock (Class Chair) and Professor Eva Kondorosi (Class Chair). Governance and incorporation documents can be found on the website ([www.ae-info.org](http://www.ae-info.org)).

### **Members of the Board of Trustees (on 31<sup>st</sup> December 2024)**

Elected officers:

The President – Professor Marja Makarow until end of 2024.

Treasurer - Professor Stephen Evans from January 2023 until end of 2026, then renewable.

The Vice President (officio) – Professor Don Dingwell from January 2023 to end of 2026, then renewable.

Trustees

Poul Holm (IRL) – Class chair – Class A1 (Humanities) co-opted Vice president *ex officio*; until end of 2025,  
Paolo Papale – Class Chair – Class B (Natural Sciences) co-opted Vice president *ex officio*. Until end of 2027,  
Eva Kondorosi (HUN)– Class Chair – Class C (Life Sciences) co-opted Vice President *ex officio* until end of 2026,  
Bjorn Wittrock (SWE) - Class chair from January 2018 co-opted Vice president *ex officio* until end of 2024,  
Professor Eystein Jansen (NOR) co-opted until the end of 2024. Academic Director of the Bergen Hub, renewable  
Professor Milena Zic-Fuchs (Croatia) co-opted from January 2023 until the end of 2026, renewable

**Note: that the same Board of trustees reported here as operating for AE London, also functions under identical terms of office and regulations for election and appointment as the Board of trustees for the Academia Europaea Munich e.V legal entity. In all essentials the AE London and the AE Munich entities operate as a single coordinated functional unit, with commonly derived statutes, with the same mission and objectives and all members of the Academia Europaea on election and pre-the creation of AE Munich are de facto members of both legal entities without exception and discrimination. The two entities do however maintain independent financial systems and management responsibilities and the accounts are not consolidated as both entities are independent legal personalities. The Board of trustees maintains a common oversight of both organisations.**

### **Academia Europaea - Composition of the Advisory Council (on 31 December 2023)**

Following the establishment of the Class structure and the allocation of Sections into the four Classes, the role for a single Advisory Council (hereinafter The Council) meeting only annually and with a very limited function, has been replaced by a variable configuration composed of the four classes. The Section chairs (as members of the Council) are all members of one of the four Class committees. Within each Class configuration, each Section chair has a term three years, with the possibility of renewal for one further period of three years. The Class chairs are independently appointed and are members of the Board of trustees, and therefore they act as the (independent) representative of the Council (the Sections) on the Board. This structure ensures stronger flow of information and consultation between the Board of trustees and the Advisory Council (the four Class committees) than was formerly the case. This structure has also facilitated a greater devolving of responsibility to the Class level than had been possible under the old Council formation.

-----  
**1 Committees** are elected by the members of the section accordance with the Regulations for Section Committees. At least 50% of the committee has to be elected by a ballot of the membership of the Section. All members of the Section are eligible to stand for election as Committee candidates. The exact procedure for rotation and elections is decided by the Committees themselves. The Chair must ensure the committees reflect a balance of representation of the fields within the Section and should ensure a regular rotation of members of the committee.

**2 Chairs** serve a three term, renewable once only for a further three years.

**3 Committee members** serve a three-year term that can be renewed once only for a further three-year period.

**4** (date first term ends / date second and final term ends subject to agreement of the committee and Council)

Treasurer's statement to the examined accounts of the Academia Europaea to the end of the financial year 2024 (January – December)

The financial year 2024 saw our finances under continued pressure whilst we continued the set-up and development of the new headquarters office in Munich. This necessarily entailed a further release of funds from our reserves as the new office and staff became operational. In addition to our normal budgeted expenditures we transferred some £58,000 to Munich for operational support.

To offset some of this, we reduced expenditures on the London office through a reduction on staff costs and office costs. Further changes to London I.T during the year will result in further savings in 2024/25 and beyond. We have been pleased to continue to fund some new initiatives (small grants to member-initiated activity) and further supported new corporate initiatives through the HERCuLES group, and the A.I Task Force

The examined accounts tabled for you to look at and the accompanying notes within the report provide details for all of these expenditures and related administrative costs of running the Academia Europaea. It is important to note that these accounts are expressed in pounds sterling (a regulatory requirement for a UK registered entity) as these accounts will be lodged with the UK regulatory authorities that govern our registrations (Companies House and the Charity Commission for England and Wales). From 2025 we hope to express the accounts in Euros.

Furthermore, Readers should note that the accounts regularly mention '*restricted or designated funds*' – these are funds received or held that have been donated or grants won for specific purposes (for example EU projects, Prize funds). These funds cannot be utilised for other purposes. It is only the '*unrestricted funds*' that form those financial resources that can be applied in support of the operations of the academy and dispersed by the Board of trustees in delivery of our strategic plan and our charitable objectives.

I would like to report that despite the additional expenditures, 2024 saw a continuing, relatively stable financial situation in terms of cash held. We are a not-for-profit organisation and we plan our activities on the basis of what available resources we have. However, we are obliged to maintain cash reserves to cover six months of operations.

The 2024 members' contributions showed a small decline over 2023. This was a result of a move of a substantial number of members into one of the higher age-related categories for contributions. Unfortunately as always, I have to report that, a significant number of members still fail to make an annual payment. The Finance Sub-committee (FinComm) will investigate this and consider how to address the situation. The numbers of members opting to make a single one-time life payment in 2024 was. This is especially financially beneficial to younger members. The Academy is wholly dependent upon membership income for its unrestricted expenditures. This is a situation that presents a risk and that the Board of trustees are seeking to address through a new finance and sponsorship development strategy currently under development.

We were pleased to elect in 2024 as a new Patron member the Hungarian Research Network of institutes (HUN-REN). We encourage other like minded organisations to apply for associate or Patron membership.

In terms of numbers: 2024 saw expenditure for unrestricted charitable activities fall from £116,943 in 2023 to £98,399. Governance costs in 2024 were £ 10,925, compared to £27,319 in 2023 (see graph 3). Income from our journal The European Review held up and showed a slight increase to £13,000. The journal is now a net cash generator.

The costs of our administration in London fell in 2024, as the executive secretary reduced his working days and changes to the London office costs kicked in.

Some key observations included:

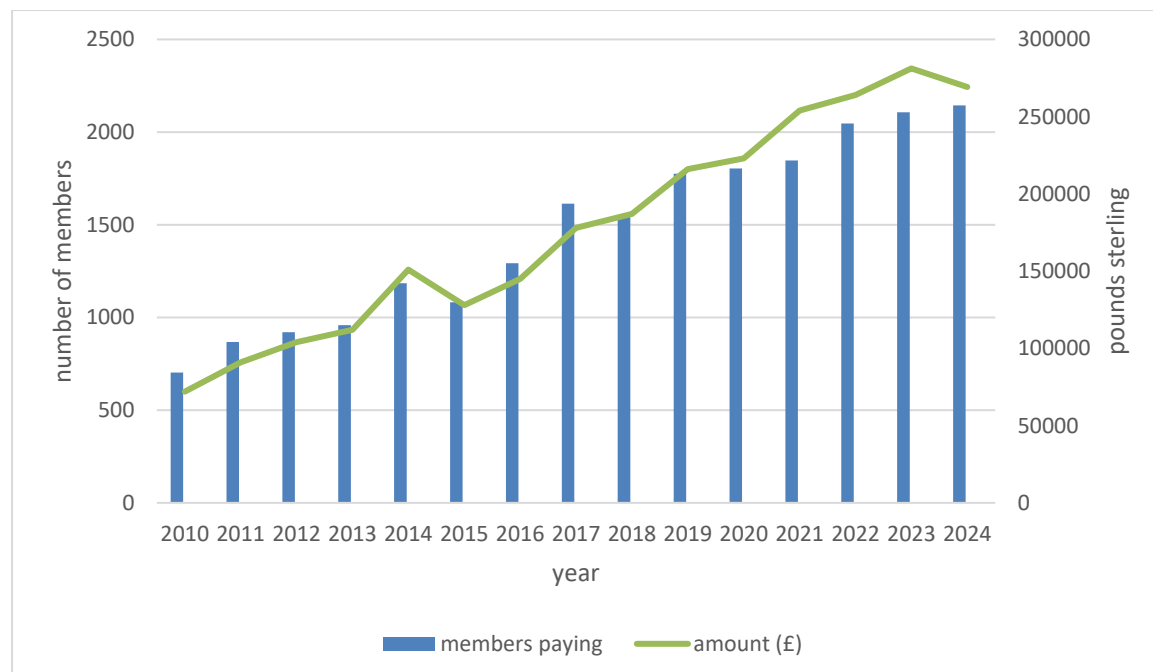

Our only Patron member – (the Leopoldina) ceased its association with us after a long membership period. This entailed a loss in income of £22,123. However, with election of our new Patron, we recovered some 5,000 Euros as a first donation. (see graph 2 for all income categories)

Membership income fell from £281,211 in 2023 to £269,194 (see graph 1) in 2024

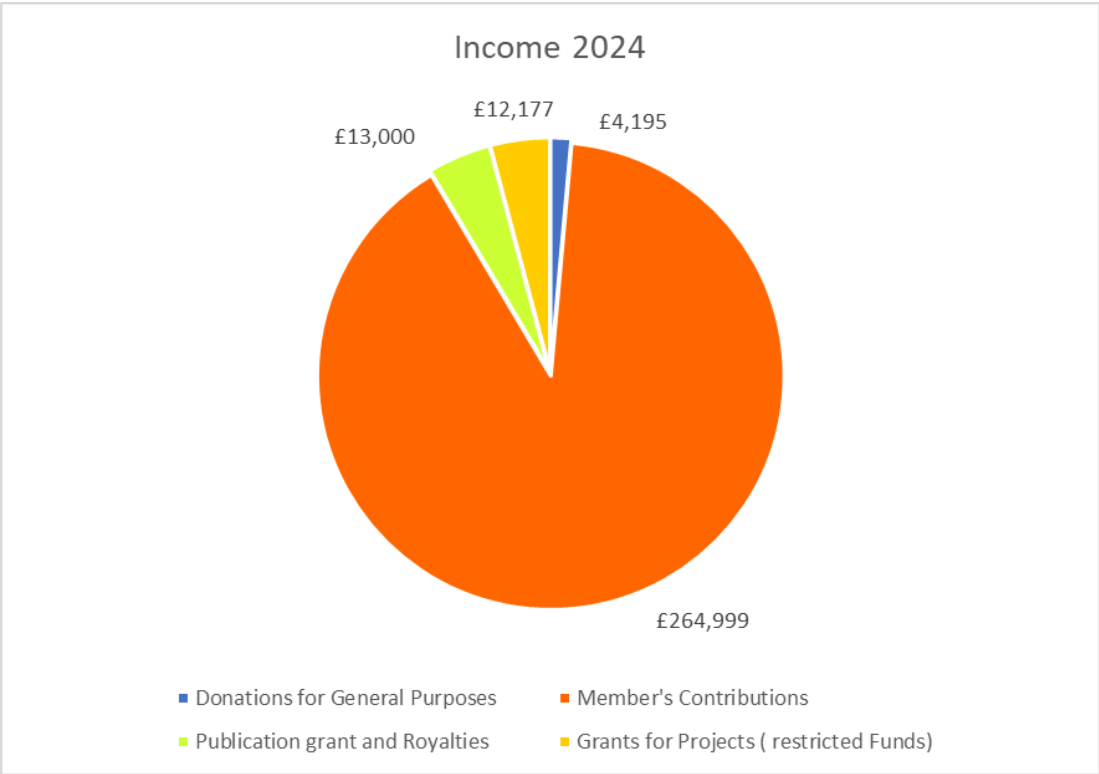

The accounts however showed a funds carried forward total for 2024 of £-33,600. This was due to the accumulated life members contributions fund (standing at £177,513) which was offset against the much reduced unrestricted funds available that had been carried over from 2023. This is an accounting technicality and did not reflect actual cash at the bank which was always positive throughout 2024.

**The Board of trustees invite you to adopt the 2024 examined accounts via the E-ballot that you have received.**

Registered number: 07028223

### Directors' Report

The trustees (who for company law purposes are the Directors) present their report and financial statements for the year ended 31 December 2024.

#### Principal activities

The company's principal activity during the year continued to be the promotion of International scholarship, research, provision of training in higher education. Some of the aims of the organisation are to make recommendations to national governments, international agencies concerning matters affecting science, scholarship and academic life in Europe. Also, encouraging interdisciplinary and international research in all areas of learning.

#### Directors

The following persons served as trustees/ directors during the year:

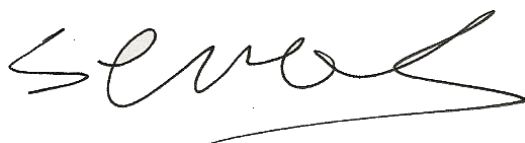

Professor Eva Kondorosi  
Professor Donald Dingwell  
Professor Bjorn Wittrock  
Professor Paolo Papale  
Professor Paul Holm  
Professor Eystein Jansen  
Professor Marja Tertu Makarow (resigned on 31 December 2024)  
Professor Stephen Evans  
Professor Milena Zic Fuchs  
Professor Martin Kahanec (appointed on 01 January 2025 and resigned on 10 June 2025)

#### Disclosure of information to independent examiner:

Each person who was a trustee at the time this report was approved confirms that:

- so far as he is aware, there is no relevant information of which the company's independent examiner is unaware; and
- he has taken all the steps that he ought to have taken as a trustee in order to make himself aware of any relevant information and to establish that the company's independent examiner is aware of that information.
- the incoming resources is less than £1 million and that an audit is not required per SORP 2015 and FRS102. Based on the articles of association section 53, an examiner of accounts can examine the accounts.

This report was approved by the board on 11 September and signed on its behalf.

Professor Stephen Evans  
Trustee and Honorary Treasurer

## **THE ACADEMIA EUROPAEA (THE ACADEMY OF EUROPE)**

### **Statement of Trustees' Responsibilities**

The trustees (who are also the directors of The Academia Europaea for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year. Under that law the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (Financial Reporting Standard 102 and applicable law). Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant information of which the charitable company's examiner of accounts is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant information and to establish that the examiner of account is aware of that information.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

## **THE ACADEMIA EUROPAEA (THE ACADEMY OF EUROPE)**

### **Report of the Independent Examiner to the Trustees of the charitable company on the accounts for the year ended 31 December 2024**

I report to the Trustees on my examination of the financial statements of the charitable company on pages 6 to 13 for the year ended 31 December 2024 which have been prepared in accordance with the Charities Act 2011 (the Act) and with the Financial Reporting Standard 102, (effective 1st January 2016) as modified by FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2019, applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW), and under the historical cost convention and the accounting policies set out on page 9.

#### **Respective responsibilities of the Trustees and the Independent Examiner and the basis of the report**

As described on page 3, you, the charitable company's Trustees, who are also the Directors of the Company for the purposes of Company law, are responsible for the preparation of the financial statements in accordance with the Companies Act 2006, the Charities Act 2011 and all other applicable law and with United Kingdom Generally Accepted Accounting Practice, applicable to smaller entities, and for being satisfied that the financial statements give a true and fair view.

The Trustees consider that the audit requirement of Section 144(1) of the Charities Act 2011 (the Act) does not apply, and that there is no requirement in the memorandum and articles of the charity for the conducting of an audit, and that the accounts do not require an audit in accordance with Part 16 of the Companies Act 2006 and that no member or members have requested an audit pursuant to Section 476 of the Companies Act 2006. As a consequence, the Trustees have elected that the financial statements be subject to independent examination.

Having satisfied myself that the financial statements are not required to be audited under any legal provision, or otherwise, and are eligible for independent examination, it is my responsibility to:-

- a) examine the financial statements of the charity under Section 145 of the Act;
- b) follow the applicable procedures in the Directions given by the Charity Commission under section 145(5)(b) of the Act.

#### **Basis of Independent Examiner's Statement and scope of work undertaken**

Since the charitable company's gross income exceeded £250,000, the charitable company's examiner must be a member of a body listed in section 145 of the Act. I confirm that I am qualified to undertake the examination because I am an authorised member of Chartered Certified Accountants, which is one of the listed bodies.

I report in respect of my examination of the charity's financial statements carried out under s145 of the Act. In carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act setting out the duties of an independent examiner in relation to the conducting of an independent examination. An independent examination includes a review of the accounting records kept by the charitable company and of the accounting systems employed by the charitable company and a comparison of the financial statements presented with those records. It also includes consideration of any unusual items or disclosures in the financial statements, and seeking explanations from you, as Trustees, concerning such matters. The purpose of the examination is to establish as far as possible that there have been no breaches of charity legislation and that, on a test basis of evidence relevant to the amounts and disclosures made, the financial statements comply with the SORP.

The procedures undertaken do not provide all the evidence that would be required in an audit, and information supplied by the Trustees in the course of the examination is not subjected to audit tests or enquiries and does not cover all the matters that an auditor would consider in arriving at an opinion. The planning and conduct of an audit goes beyond the limited assurance that an independent examination can provide

Consequently, I do not express an audit opinion on the view given by the financial statements, and in particular, I express no opinion as to whether the financial statements give a true and fair view of the affairs of the charity, and my report is limited to the matters set out in the statement below.

I planned and performed my examination so as to satisfy myself that the objectives of the independent examination are achieved and before finalising the report I obtained written assurances from the Trustees of all material matters.

### **Independent Examiner's Statement, Report and Opinion**

Subject to the limitations upon the scope of my work as detailed above, I have completed my examination: and can confirm that:-

The accounts of this charitable company are not required to be audited under Part 16 of the Companies Act 2006;

This is a report in respect of an examination carried out under 145 of the Act and in accordance with Directions given by the Charity Commission under section 145(5)(b) of the Act which may be applicable;

and that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:-

- accounting records were not kept in respect of the charity as required by Section 386 of the Companies Act 2006 and Section 130 of The Charities Act 2011;
- the financial statements do not accord with those records; or
- the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in section 396 of the Companies Act 2006 other than any requirement that the accounts give a 'true and fair' view, which is not a matter considered as part of an independent examination;
- have not been prepared in accordance with the methods and principles set out in the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2015, (as amended by the Bulletin issued in February 2016), (The SORP).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

The directors are satisfied that the company is entitled to exemption from the requirement to obtain an audit under section 477 of the Companies Act 2006.

The members have not required the company to obtain an audit in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

The charity is subject to Independent Examination under charity legislation, and the report of the Independent Examiner is on page 4.

The financial statements were approved by the board of trustees on 11 September and signed on its behalf by:

Professor Stephen Evans

# THE ACADEMIA EUROPAEA (THE ACADEMY OF EUROPE)

## Notes to the accounts

for the year ended 31 December 2024

### 1 Accounting policies

#### Basis of preparation and assessment of going concern

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2016) and 'FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2019, applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), published by the Charity Commission in England & Wales (CCEW) , and in accordance with all applicable law in the charity's jurisdiction of registration, except that the charity has prepared the financial statements in accordance with the FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) 2019, applicable to all accounting periods beginning on or after 1st January 2019), (The SORP), in preference to the previous SORP, the SORP 2005, which has been withdrawn, notwithstanding the fact that the extant statutory regulations, the Charities (Accounts and Reports) Regulations 2008 refer explicitly to the SORP 2005. This has been done to accord with current best practice.

#### Income

Income, whether from exchange or non exchange transactions, is recognised in the statement of financial activities (SOFA) on a receivable basis, when a transaction or other event results in an increase in the charity's assets or a reduction in its liabilities and only when the charity has legal entitlement, the income is probable and can be measured reliably.

Income subject to terms and conditions which must be met before the charity is entitled to the resources is not recognised until the conditions have been met.

All income is accounted for gross, before deducting any related fees or costs.

With the exception of members contributions and donations all income is credited to the statement of financial activities on an accruals basis.

Members contributions and donations are credited to the statement of financial activities in the year in which they are received.

Income received from lifetime membership are credited to the Statement of Financial Activities over ten years.

#### Membership subscriptions

The income and any associated Gift Aid or other tax refund from a membership subscription received by the charity in the nature of a gift, is accounted for on the same basis as a donation.

The income from a membership subscription received by the charity where the subscription purchases the right to services or benefits is recognised as income from charitable activities.

#### Cost allocation

Direct charitable expenditure includes all expenditure incurred on activities conducted in pursuance of Academia Europaea's objectives. Staff costs, premises overheads and other costs are apportioned on the basis of percentage time spent on charitable activities, fundraising and publicity, and management and administration. Irrecoverable VAT is included in the items of expenditure to which it relates.

#### Operating leases

Rentals and service charges paid under operating leases for office premises and equipment charged to Resources Expended in the Statement of Financial Activities as incurred.

#### Contributions from third parties

Several of Academia Europaea's activities are supported or partially supported by contributions from third parties paid directly to local organisers. These funds were previously included in the accounts. The hubs' funds that have not passed through the Academia's books were excluded in the accounts. Per The Academia Europaea's new policy, the hubs' financial records were not to be included in the Statement of Financial Activities. The hubs are not subsidiaries or branches of The Academia Europaea and it is not necessary to produce consolidated accounts.

However, while the substance of these activities remains under the Academia's direct control, the local organisers and sponsors have autonomous responsibility for making contributions which may be in cash or in kind and cannot be reasonably included in the Statement of Financial Activities.

#### Fixed assets and depreciation

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost, less estimated residual value, of each asset over its expected useful life, as follows:

Office furniture and equipment	10 % per annum using the Straight line method
Computer equipment	25 % per annum using reducing balance method.

## London Secretariat charges

Much of the London Secretariat's time is spent organising and assisting plenary meetings, projects and study groups. It is the policy of Academia Europaea that, where possible, these administration costs be recovered from these activities.

## Foreign currency transactions

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Assets and liabilities in foreign currency are translated into sterling at the rate of exchange ruling on the balance sheet date.

## Liability to taxation

The Trustees consider that the charity satisfies the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively on the specific charitable objects of the charity and for no other purpose. Value Added Tax is not recoverable by the charity, and is therefore included in the relevant costs in the Statement of Financial Activities.

## Pensions - defined contribution schemes

The charity operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

## Funds

Restricted funds are set up from grants and contributions given to Academia Europaea, the use of which is restricted as to the purpose and conditions imposed by the donors. None of these funds has any permanent endowed capital. Unrestricted funds represent accumulated surpluses and deficits in the statement of financial activities which are available for use at the discretion of Academia Europaea's operations and activities. The Board may set aside amounts to be designated for specific uses or purposes. The unrestricted funds comprise the general fund and are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

**Grant costs:** It is a support cost towards the legal and professional fees paid towards the formation of an association called Academia Europaea e.V registered as an association and entered in the register of associations of the Munich Local Court in Germany. The registered office address of the association is as follows: Room 336, 3rd floor Theresienstr. 41, 80333 Munchen, Germany. The trustees have sought legal and tax advice regarding the new organisation from CHP Rechtsanwalt & Steuerberater, Partnerschaftsgesellschaft mbB, AtelierstraBe 1, 81671 Munchen, Germany. The trustees decided to create the association, in consultation with legal advisors, due to the possible impact on SAPEA plus as a result of post-Brexit that could affect the future funding to The Academia Europaea in the U.K. which in turns donate to Cardiff University. The Academia Europaea will continue to earn members' contributions that are still robust, hence, not affecting the going concern of The Academia Europaea in the near future.

The previous U.K government wanted to end its collaboration to the Horizon Europe Programme in 2027. There is no further information to prove the contrary from the current U.K government. The Academia Europaea e.V will become the Academia Europaea Headquarters for all dealings with the EU and facilitate access for all members of the Academia Europaea. The new entity will also assume other responsibilities from London over time. The Academia Europaea will continue to run in parallel with the Academia Europaea e.V and both will operate under a common Board of trustees for the foreseeable future. The Academia Europaea will have a decreasing lead role and will provide administrative support to the Academia Europaea e.V. Both entities will be displayed on the common website ([www.ae-info.org](http://www.ae-info.org)) and will operate as a single functional unit under a common Board of trustees. Each will have to report separately to their own regulatory bodies, as described in their statutes. Members of the Academia Europaea are de facto, members of both legal forms of the Academia Europaea. Resources will be allocated between each entity according to function and need.
