OTHER INFORMATION

2007 membership subscriptions. *These are now overdue. The subscriptions policy can be seen on the members only pages of our website. Members over 75 years old and those who have paid a lifetime subscription do not have to pay an annual subscription. All other members will have received a personalised letter from the treasurer in July and a payment form. If you have not yet paid, please do so as soon as possible. If you have lost the form, please contact the office in London and we will send you another one by email or in the post*

Academia Europaea Publications

Membership Directory

The 2007 Directory is available through our website. To save costs only a limited number are printed and will be mailed only on request. All members can access the full pdf version, through the website (members only page). Members can also access the new membership database online and edit their own content. To access the members' pages follow the link and register on the homepage.

The Tree newsletter

The Tree Newsletter (issue 23) is available on our website. It was posted to all members during July/August. If you require further copies contact the office. In the future, members will receive brief newsletters with their copy of the European Review, or by email reminder and a link to web based information.

Annual report and accounts for the year ended 31st March 2007

This can be downloaded from the website. Hard copy available, on request from the office.

HERCULES group symposium series on Higher Education Policy

These volumes, published in collaboration with the Wenner Gren Foundation or the Compagnia di San Paolo, address higher education issues. The latest volume was published in August. "Quality Assessment for Higher Education in Europe" ed. Alessandro Cavalli, and is now available from the Portland Press. We have a number of free copies, on request. Previous volumes available include: "The Formative Years of Scholars" (<http://fyos.portlandpress.com>); "Excellence in Higher Education"; "The Virtual University". The next volume in 2008, will be "The Univeristy in the Market", edited by Lars Engwall and Denis Weaire.

Other publications available

The European Academies Science Advisory Council (EASAC) have recently published an expert report on "Tackling antibacterial resistance in Europe". We have 16 copies. If you want a hard copy, contact the office and we will post one to you. It can also be downloaded from the ESAC website www.easac.eu
