

David Wilson - BIBLIOGRAPHY

This is my best shot at a reconstructed bibliography. I have not entered small or pedestrian reviews – partly because I have no copies of many of them, but I did review widely, particularly in the *Journal of the British Archaeological Association* in the 1960s and 70s. Similarly, I have not generally listed prefaces and introductions to other peoples' books. Nor have I listed books and articles translated solely or jointly with EW.

I have not listed 112 entries in *Reallexikon der Germanischen Altertumskunde*. I contributed to practically every volume from 1973-2007, and was a consultant editor to all 35 volumes.
